The University of Tennessee Extension Service

Animal Health

When: Saturday, April 9th
Location: Woodbury Livestock Barn
Time: By appointment beginning at 8:00 a.m.
Cost: \$20.00 per head

Remaining Veterinary Expenses will be paid by Pfizer Animal Health

**Don't miss this opportunity to get a complete check up
done on your bulls before breeding season!**

Bull Soundness Exams (BSE) are the most inexpensive and most under
utilized form of securing pregnant cows. Why pregnancy check if you haven't
made sure your bulls are adequate?

Bulls will receive the following:

- ✓ Semen Quality & Quantity Check
- ✓ Check Eyes, Feet, Legs, etc.
- ✓ Vaccination for Vibro & Lepto
- ✓ Body Condition Scored

- Vaccinations & deworming will be provided to you at a cost of \$20 per bull.
- These procedures will be performed by Dr. Mandy Hagan, Large Animal Vet.
- Beef producers must call Dr. Hagan to schedule an appointment to bring bulls in for testing.
